

HSO Store Compliance

Assign tasks to the right people in the right places

- **Are you looking for a way to manage new store or warehouse procedures?**
- **Would you like to to manage tasks to be delivered daily or weekly to your staff?**

Companies must ensure their in-store customers comply with any new COVID-related policies they've put in place. Non-compliance can affect businesses with employee turnover, regulatory sanctions, shutdowns, along with a loss of customers and partners due to a lack of trust. This handy app is designed to keep you on top of all of your routine tasks with helpful reporting over the top.

Benefits

- Tasks can be automatically assigned to the right people in the right places
- User uses planner application on their mobile to view & manage their task information
- Data, when updated to the datasource can be used for BI reporting

Unlock your ability to create new products & services
